ECONOMY TO BE THE SLOGAN OF CHARITIES BOARD

Only Unavoidable Increases in Salaries Allowed—Old Promise of "No Deficit This Year" Heard Again.

Economy will be the slogan of the Board of Charities this year. President Stone asserts that if there is a deficiency this year he will vote to reduce the salaries of all the employees of the board. There was only one real increase in salary at the meeting of the board last night. Charles Miller, steward at Lakeview, asked for a restoration of the salary of his position from \$720 per year to \$900. To back up his claims Miller said in his petition that the inmates of the institution had increased to one since he had taken the position. There was a gleam of humor in his roster of the duties of his position which he enumerated as: "electician, undertaker, butcher, prize fighter, doctor, cook, plumber, clerk and farmer when necessary." The varied attainments of the efficient steward evidently impressed the commissioners for Miller got a raise of \$10 per month which was with \$5 per month of his demand. He had accompanied his request for a raise with the assertion that he would not continue unless his request was granted and the action of the board was the result of an agreement reached before the meeting was held.

The question of money was the basis of every discussion. President Stone took a stand against a deficit this year. One of the matters which was seriously discussed were the hospital bills. Of the appropriate amount of the board about \$40,000 per year goes to the hospitals and other institutions. It is proposed to cut down the bills from the local hospitals by exercising closer supervision of the doctors who attend the outside poor. While no one was actually accused of sending patients to the hospitals who could be cared for at home, the general sentiment of the board was that the matter should be watched closer and patients should be removed from the hospitals as soon as possible. This matter had always been one of the duties of the Superintendent of outside poor until the war when the duties of previous commissions commenced. Then it was taken out of his hands. Last night Sept. Brennan was instructed to watch the hospitals closely and see that all patients were removed as soon as they were able to be taken to their homes. He is also to decide when it is necessary to send patients to the hospital.

The economy bug appeared when the request of Miss Beatrice Lavin, nurse at Lakeview Home, who asked for an increase of salary from \$500 to \$480 per year. Although Miss Lavin was appointed her request for an increase was ignored. Edward F. Nevins clerk of the board expected that his request for an increase in salary would come up and be favorably acted upon. The salary of clerk of the department was \$1,200 for years. Several years ago it was reduced to \$1,000. The \$200 lopped off the clerk's salary was added to the salary of the Superintendent of Lakeview. Since that time the duties of the clerk have greatly increased. Three of the members of the board are said to favor restoring the salary to its original figure. The matter will probably come up at the meeting of the board which takes place next Tuesday night.

Dr. Harry E. Bennett was asked for with a position created expressly for his benefit and called "Relief Doctor." The salary is to be the same as that of the doctors for the outside poor, \$30 per month. A part of this salary is provided for by lopping off \$5 per month from the salaries of the physicians for the outside poor. The reduction however is recompensed by reductions in the duties of the latter who will not in the future be required to relieve at the Emergency hospital.

For years the board has started out with a new appropriation with an exact determination to come out with-

out a deficit. There are few persons who have kept in touch with the work of the board who believe that this year will end differently from its predecessors and that the end of the year will see the same old shortage of funds and a deficiency which will have to be made up.

An attempt will be made to divide the expense of fitting up the quarters for the driver of the emergency ambulance with some of the other boards. This work cost the board of Charities about \$500.

"My three year old boy was badly constipated, had a high fever and was in an awful condition. I gave him two doses of Foley's Orino Laxative and the next morning the fever was gone and he was entirely well. My boy's Orino Laxative saved his life." A. Wolkush, Casimer, Wis. F. B. Brill, local agent.

New York, March 26.—Although "Young Corbett" was badly punished in his fight with Bert Keyes, he is today extremely confident that he more than held his own with the hard-hitting East Side pugilist. It was another step the Denverite took to getting within the range of an All fight.

It was a slugging match from start to finish. Both Corbett and Keyes went at each other hammer and tongs and both showed the effect of the grueling ten rounds. The bout was a good draw.

The Harmony of Home Does Not Mingle With or Emanate from the Table of Dyspepsia

In the home, meal time should awaken in all the inhabitants a peculiar harmony which will make for the home the abiding place of interest and happiness.

If one member at the dinner table is out of sorts, his influence is felt and the harmony is lacking. Conversation and mirth are absent. Devouring thoughts assail the diners and silence prevails.

At the Dyspeptics Table Ominous Quiet and Gloom Crowd Out Mirth. All physicians agree that mirth and joy at meal time does much toward digestion. Mirth tingles the whole nervous organism of man, the cells wherein are stored valuable digestive juices, empty their contents under the nerve stimulation and promote the highest degree of digestion.

If gloom and discomfort prevail at table the reverse action obtains and meals become necessities, not anticipated joys.

Stuart's Dyspepsia Tablets are little storehouses of digestion which mix with the stomach juices, digest food, retine the mucous membrane and its nerve centers, give to the blood a great wealth of digestive fluids, promote digestion and stay by the stomach until all its duties are complete.

If dyspepsia sits at tables it makes the dining room a place of awe; these tablets should be taken after meals and dyspepsia of a consequence flees. No need for diet or fasting. The dyspeptics who will use them religiously will find no sense in the sight of generous meals or in the odor of rich cooking.

It matters not what the condition of the stomach Stuart's Dyspepsia Tablets only improve the juices but bring quiet to the whole digestive canal, of which the stomach is the center.

Forty thousand physicians use these tablets in their practice and every druggist sells them. Price 50c. Send us your name and address and we will send you a trial package by mail free. Address F. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich.
